SumTotal Puts Learning at the Heart of Talent Strategy

MEET TODAY'S TALENT CHALLENGES WITH A SINGLE SOLUTION

SumTotal conducted extensive market research, reviewed analyst trends and solicited client feedback. The result is that, for most organizations, Learning and Talent Management are no longer separate business processes. Given this, SumTotal is leading the way by offering a comprehensive, unified Talent Development solution.

Configurability: SumTotal delivers robust learning & talent functionality in a single solution and allows your organization to choose the elements you need to best execute your Talent Development strategies.

Value: With a single license, SumTotal delivers the most complete Talent Development functionality at the lowest

cost of ownership when compared with the competition. You choose the elements that best meet your talent development processes and objectives, regardless of complexity, without increasing your cost of ownership.

TALENT DEVELOPMENT BUILDS CULTURE

According to Gartner, organizations identified with strong corporate culture outperform their peers in key business success metrics
